SUBJECT No. 407.

Repairs to the masonry works on both sides of Tirumakudlu.

Mr. G. Narasimhachar, T.-Narsipur taluk.

Summary of discussion.—The stone revetment on both sides of the Tirumakudlu village intended to protect it from erosion during floods has at some places been washed away. It is prayed that it be repaired and raised by about 4 feet.

Reply of Government.—Will be referred to the Deputy Commissioner and the Public Works Department.

SUBJECT No. 408.

Bidugandis for the Madhavamantri anikat.

Mr. G. Narasimhachar, T.-Narsipur taluk.

Summary of discussion.—Owing to the immense quantity of sand brought down by the floods in the Cauvery every year, the bed of the river is being widened and the depth lessened. If this state of affairs continues for sometime longer, it is likely that villages bordering the river may be washed away when floods are very high. It is prayed that the Madhavamantri anikat be provided with Bidugandis to prevent sand from accumulating in the river bed.

Reply of Government.—Under consideration in the Public Works Department.

SUBJECT No. 409.

Opening of a channel on the Kannambadi anikat.

Mr. Siddegowda, Mysore taluk.

Summary of discussion.—It is prayed that a channel be drawn on the southern side of the Kannambadi Reservoir to create irrigational facilities to parts of Hunsur, Heggaddevankote, Mysore and Nanjangud taluks.

Reply of Government.—Noted.

SUBJECT No. 410.

An anikat across the Hebballa at Angola.

Messrs. B Ramanna and Venkatsubbiah, Krishnarajpete taluk.

Summary of discussion.—It is prayed that an anikat be built across the Hebballa at Angola near Kadahemmige and irrigational facilities afforded by allowing the water, now falling waste into the Hebballa, to run into the old Madapur nala and by extending the same.

Reply of Government.—Will be referred to the Public Works Department for report.

SUBJECT No. 411.

An anikat across the Bhrigu river.

Messrs. M. Subba Rao and Syed Rahim Sab, Heggaddevankote taluk; Padmanna and Venkatasamiah, Nanjangud taluk.

Summary of discussion.—It is prayed that the construction of an anikat across the Bhrigu river at Halsur may be taken up early. The estimate for the same was made some 7 or 8 years ago and no further action has been taken and it is heard that this work has been sanctioned as one of the Famine Relief Works.

Reply of Government.—Under consideration in the Public Works Department.

SUBJECT No. 412.

An anikat across the Suvarnavati.

Mr. C. Vasudeviah, Chamrajnagar taluk.

Summary of discussion.—An anikat may be constructed across the Suvarnavati river near Doddegowdanapalya in the Chamrajnagar taluk, as this will be a means of water-supply to several tanks.

Reply of Government.—Has been abandoned as no suitable foundation could be found.
